

Attn: MLIS STUDENTS!

After careful research, analysis, and consultation, the MLIS Faculty has decided to eliminate LIS 7990 Touchstone (1 credit) and LIS 8990 Capstone (2 credits) as requirements for students entering the MLIS Program following the completion of the 2014-2015 academic year, i.e. as of Fall 2015.

Students who joined us prior to Fall 2015 now have several alternative ways of completing their graduation requirements.

In short, all students admitted prior to Fall 2015 will need to complete:

- The Electronic Portfolio, and...
- The Touchstone (1 cr)/[Capstone (2 cr) or Practicum (2 cr)], or
- The Practicum (3 cr)

Your MLIS academic advisor will be your best guide in this process. These new requirements do not pertain to SLMS students. Students who wish to take the Practicum (2 or 3 credits) in Fall 2015—i.e. those who have not already done so—should complete the short form below at that their earliest convenience.
